During the COVID-19 Stay-a-Home orders for safety, residents, **Cy DeBoer (Bin Blessed)** and **Trish Faley (Peak Refreshments)** along with **Anna Morin (Village Life)** pooled their resources to put together a fantastic one-day event, “Drive-By Dinner” to help families in need. Residents of The Village and nearby areas were invited to participate by ordering delicious already made dinners (frozen) that served up to 8 people. There were four dinner entrees to choose from.

Residents picked up their dinners between the hours of 11am and 1pm at the office of LIV Sotheby’s Int’l Realty at 482 Happy Canyon Road. Thank you to both Mike Buck and Tim Clark for allowing us to use the parking lot which was perfect for folks to “drive-by” around the loop ... in and out within minutes. Residents stopped briefly to pay via credit card, have their dinner placed in their trunk, and were back on their way. We used all safety precautions wearing masks and gloves and there was no contact with our dinner guests keeping everyone healthy!

Peak Refreshments donated 20 percent of the proceeds to There With Care, a nonprofit that Bin Blessed supports whole-heartedly. There were 272 dinners sold or donated on this day and a check for \$1,800 was given to There With Care on the spot! It was a win for everyone involved. This helped a local business owner (Trish Faley – **Peak Refreshments**) stay busy during this time, we helped families in need (Cy DeBoer – **Bin Blessed** supporting **There With Care**), and we helped residents take a break from their kitchens/cooking and providing a delicious meal that could go back in the freezer or into the oven for dinner that night! Thank you to all who participated and made this event a wonderful success!

Trish Faley and staff check off the dinner orders while cars are driving through to get their dinners.

Resident, Carolyn Hutchison said “I just love this idea of a drive by dinner...it helps so many during this time of uncertainty and I won't have to cook dinner for my family tonight!”
